LED RECCURING REVENUE

1. Discuss the opportunity , outline financials and guide on expected recurring revenue.

2. Agree provisional LED install location and LED size. More exact costings , assessment of road traffic and more precise estimate on recurring revenue.

3. Site/Feasibility study, discuss civils drawing and wind survey if required.

4. Submit planning application with council (four to twelve week process , approx £1,000 + Vat).

5. Planning approval , 50 % deposit payment.

6. LED stock and part list assemble four to eight weeks, structure build & civils work if necessary.

7. Full Installation.

8. Telesales campaign begins , first 70% commission payment is made after four weeks.

9. LED maintenance call every six months, ongoing remote support and updates on a regular basis.
